Hello there,

It's an absolute pleasure to meet your acquaintance.

Let's get to know each other.

I'll start!

I'm a Creative Developer. I love what I do and so do my clients. I have gotten the chance to work and be mentored by award-winning creatives. I currently perfect my expertise at MB96, a design agency based in Nairobi, Kenya.

I've also worked on and still am standalone projects that I have gotten through recommendations and referrals.

My specialities in the creative industry include concept development and strategy, UX/UI design, design methodologies, prototyping and web development.

In my leisure work time I engage in writing and practicing code, I love practicing CSS with Javascript animations that may or may not involve after effects. I take my time to improve my skills, all in the fruition of becoming a creative director.

I'm an avid gamer and I take my time to learn how they made using the engines unity hub and unreal engine.

Outside of work, I enjoy staying active and exploring new places through jogging, swimming, or hiking, I basically love being out of the house and staying engaged with the world around me.

Now that you've gotten to know me,

Allow me to show the work I have been able to accomplish at mb96 and as a freelancer.

Sincerely, 

David Waweru

CREATIVE DEVELOPER

Freelance

2021 - Present

Project Manager & Creative Developer

Jack of all trade visual and user experience. Experimenting on new projects that expand my skillset, mastering new technologies on the go and testing out new waters. From brand strategy development to designing and building an almost impossible User Interface to creating awesome presentations. Always learning, always doing.

Clients include: **WHO Africa, Lake Region Digital Health Conf, Greenthing Kenya, 912, Replica, Best Bids & Jenks Auctioneers, Ushanga Kenya, Future Farmers, TeeCanva, Amref, Undefined Pictures, Jubilee Party & Clue (music producer)**, this is without including a few freelance portfolios here and there.

Employment

MB96

MB96 is a full service design studio focused in growing startups and scaleups around the globe.

2021 - Present

Creative Developer (UI / UX Designer & Web Developer)

My role is to handle the firm's UI / UX designing and website development giving every client we serve an experience that they will love to share with the world maintaining their uniqueness. A home on the web space.

2022 - 2023

Motion Graphics

My role is to handle the firm's motion graphic designs, to suit every client's needs, more so for instagram posts, as well as to improve my UI designs that I would then incorporate to the websites that I built.

2020 - 2020

UI / UX Designer & Web Developer Intern

My role was to scale-up my skill to be able to understand needs and desires of a task / job and get to implement it with its true need.

Here are a few of my select projects done at MB96 and as a freelancer.
Enjoy!

Young Minds Bright Futures

Distar sought to create an engagement centre for parents and aspirants to learn about the school, its location, activities and open online applications tapping into a new market.

Impact

A one-stop site for parents to learn about upcoming events, school plans, and for aspiring parents get the chance to apply to join the school. Results, over 20 new submissions in the 3rd term of 2024.

Distar School: Our Story

Established in 2015, Distar School was born from a simple idea: to provide top-notch education and facilities right here in Utawala, Mombasa. We saw the need for schools that could cater to the unique needs of our pupils, who value quality education closer to home.

Today, Distar School is proud to offer the Competency-Based Curriculum (CBC) to learners from Playgroup (ages 2.5 - 5) all the way through Grade 8. But we're not stopping there.

Our ambitious plans include opening a state-of-the-art Junior Secondary School by 2025.

B-WEL

Black Women in Executive Leadership is its name and as it clearly says they are Black women in executive leadership all around the world.

As B-WEL kicked off, they needed a home on the digital landscape. A place where people could learn about them, learn about the team and learn what is their true essence in this world. This also acted as an avenue of growth in terms of membership and events.

highlighting black women across the globe

Black Women in Executive Leadership (B-WEL) is an initiative to leverage insights from Black Women leaders to maximize human capital. They believe experiences of leaders navigating the intersection of patriarchy and racism offer universal lessons.

background

The need to help Black Women leaders boost each by leveraging insight and human capital. This in essence is promoting community, catalyze collaborations and build more inclusive institutions.

impact

An organically grown community. Aspirants registered as fellows and currently has over 17 fellows all around the world each with their own home ground community of women who aspire to be Great!

idea

Create an online community through a platform that promotes collaboration, as well as helping create a space which can be fundamental in shaping a community that thrives in its endeavours.

we identify and select black women executives from across sectors and around the world

We envision a future where Black women executives are not just present but present in leading transformative change across all sectors globally. Our programs aim to empower Black women to lead, inspire, and facilitate cross-sector collaboration. We are a global initiative dedicated to increasing the numbers, refining the experience, and magnifying the impact of Black women in executive leadership roles.

Vault22 South Africa

Vault22 wants to empower Africans to build, grow, and protect their wealth through personalised tools, expert advice, and actionable insights.

Vault22 just rebranded and my task was to craft a beautiful site that corresponds to its vibrancy, give visitors and previous users enlightenment on what has improved or changed and answer pertinent issues that users go through, as well as invite potential partnership opportunities from interested parties.
